

Dr Katharine Haynes

Risk Frontiers, Macquarie University, Sydney, Australia, NSW 2109
<http://www.riskfrontiers.com>

Katharine Haynes is a social science Research Fellow at Risk Frontiers specialising in disaster risk reduction and climate change adaptation. Katharine completed her PhD at the School of Environmental Sciences, University of East Anglia in the UK. Katharine's research interests include: the implementation and adaptation of policy and organisational procedures; the science-policy interface; risk communication; and community and youth-based disaster risk reduction. Katharine has experience working on a range of hazards and risks within: Montserrat, WI; Philippines; Indonesia; Australia and the UK.

Qualifications

2005 PhD, School of Environmental Sciences, University of East Anglia, UK
2001 MSci Environmental Geo-science (BSc + Masters), University College
 London, UK (received first class honours)

Employment

2005 - Research Fellow, Risk Frontiers, Macquarie University, Sydney,
 Australia
